## Division News Higher Education, Student & Emeritis Divisions

The Emeritus/Retired division of OAEA is a group of people who stay very busy with a number of activities. We have made several trips to art museums (including Crystal Bridges in Arkansas) and always have a great time. Any retired educators are invited to join us. If you are not on our email list let us know please! We would like to make a trip in March or April.

We are still making art in a lot of ways. Check out the Did you know? segment for more information.

At the OAEA Convention this past November, the Emeritus teachers organized and managed our silent auction fundraiser which had many wonderful donations. Thanks to all who helped and donated! It was very successful.

Coming up in April 2023 will be the installation of our 7th student art exhibit at Will Rogers Airport in Oklahoma City!!

*OAEA Mission: To provide Visual Arts Educators with a professional organization which facilitates a statewide networking community to develop, promote, and support arts education.*
